WELCOME TO THE
UNIVERSITY OF CASTILLA-LA MANCHA

Founded in 1985, our University now offers 47 bachelor's degree programmes and 35 official master degrees programmes, all of which are in accordance with the standards of the European Higher Education Area (EHEA). Moreover, the UCLM proffers a wide selection of post-graduate courses and 18 PhD programmes.

Our institution, founded 25 years ago, has consolidated itself as a top university within the Spanish Higher Education System. The UCLM holds cooperation agreements and relations with approximately 715 worldwide academic centers and institutions. This constitutes the perfect frame to let our students and professors go abroad and international students and professors come to UCLM. According to the statistics from 2015-2016, around 700 worldwide students arrived at the UCLM to start or continue their education. Furthermore, the UCLM also offers Spanish language courses to international students and visitors. More than 2,000 people attended it in the last three years.

Our institution is pleased to have these international programmes for non-native speakers. Moreover, the UCLM is proud of being able to have the confidence of worldwide professors and students, who each year select the UCLM for different purposes.

The UCLM has a motivated and experienced personnel that will help you to achieve your personal and academic objectives. You will be more than welcome at the University of Castilla-La Mancha. We will be waiting for you to share some excellent and moving experiences.

Study in English

As an international institution that receives worldwide students and has international agreements with more than 700 international institutions and organizations, the University of Castilla-La Mancha is clearly committed with its internationalization. In order to keep and increase this process, the UCLM has been working sternly on an internationalization strategy that will permit to improve and consolidate the UCLM position at the international tertiary education stage.

The aforementioned internationalization strategy is composed of numerous actions such as; the "Study Abroad Programme", the Spanish courses for foreigners, the promotion of the UCLM, international initiatives and, obviously, the teaching in English.

From the UCLM, we comprehend perfectly the importance that Education in English has for our international status and reputation. Whereupon, we have started to develop an ambitious program towards the organization and implementation of imparting knowledge in English. So far, we have been able to reach a vast range of subjects taught in English and we are still making a great effort to implement bilingual bachelors and master degrees and even some exclusively taught in English. In addition, the UCLM is developing a catalogue of subjects of the official degrees assigned as "**English Friendly**", with the intention to facilitate the international students the class materials in English. It includes the possibility of performing English. It includes the possibility of performing progress test and examinations in English, if they choose it.

The "English Friendly" involve the voluntary commitment of the professorship to improve the monitoring of the classes for international students. As well, it promotes the internationalization of Spanish students with UCLM subjects in English.

The "English Friendly" involve the voluntary commitment of the professorship to improve the monitoring of the classes by the international students. As well as, it promotes the internationalization for the Spanish students with supporting documents for the study of the UCLM subjects in English.

In short, at the UCLM, international students will be capable of studying numerous disciplines of diverse fields of knowledge in English.

International relations

The International Relations Office (ORI) and the Vice-Chancellor for Internationalization and Lifelong Learning handle all international issues for the University of Castilla-La Mancha (UCLM). In this way, they are committed to facilitating relations with other international institutions of higher education and fostering international study and teaching opportunities among the university community.

Furthermore, they work to establish different international exchange programs for students, researchers, professors, and university administrative staff. In the case of students, such programs give them the opportunity to take some academic credits of their degrees in those foreign academic institutions with which University of Castilla-La Mancha has signed an exchange agreement.

CAMPUS OF
ALBACETE

The city of Albacete has the privilege of being the most inhabited city of the Autonomous Region of Castilla-La Mancha and it is the headquarters of one of the biggest UCLM Campus.

In accordance with 2015 statistics, the Campus of Albacete had almost 7,500 students, who can obtain a Bachelor Degree or a Master Degree in varied fields of study.

Albacete can be described as a city with an extensive area of cutting edge facilities and buidings, public places and green areas. The Campus of Albacete is a clear sign of the modern times that transformed the city of Albacete into an urban modernized area with great development levels concerning the tertiary and quaternary sectors of the economy. Furthermore, the coordination of UCLM research and technology- transfer projects is administrated and managed by this Campus.

Currently, Albacete aims to consolidate its position in the regional urban network and improve its function as a first-class service centre.

CAMPUS OF
CIUDAD REAL

Ciudad Real is the most important site for the running of the University of Castilla-La Mancha. In this city is placed the Provost's Office and the most relevant decisions concerning the administration and management of the UCLM are decided in this venue.

Naturally, the vital centre of the UCLM has its own wonders. After all, Ciudad Real is the land of Don Quixote and it is surrounded by astonishing natural landscapes, some of which are included in the National Park list.

With regard to education, the Campus of Ciudad Real is, naturally, the most relevant campus within the University of Castilla-La Mancha. With around 8,000 students in accordance with the 2015 statistics, it offers a completerange of Bachelor's Degrees, Master's Degrees and other post-graduate studies for the best undergraduate and graduate education.

The Campus of Ciudad Real is divided into two venues: the main venue is, located in the city of Ciudad Real. A second venue is located in Almadén, a small town 100 kilometres away from Ciudad Real.

Taking advantage of the mercury mining tradition ofAlmadén, theUCLM decided to place the Polytechnic School, here where students can study the Bachelor's Degrees in Mining Engineering and Industrial Engineering. In addition, Almadén boasts the world's largest mercury mine, and together with Idrija, it is the only place that holds the Heritage of Mercury awarded by UNESCO back in 2012.

CAMPUS OF **CUENCA**

Together with Toledo, Cuenca is the most beautiful city in Castilla-La Mancha, also boasting the richest cultural and historic heritage. In 1996, UNESCO declared it the World Heritage City for several reasons. The first one, with no hesitation, is the fantastic conservation of the original urban setting and heritage by the city's authorities. Another powerful reason is its rich civil and religious architecture, which dates back from 12th to 18th century. Nevertheless, the most breath-taking element of Cuenca is the wonderful nature that surrounds the city, resulting in a wonderful nature-city mergence. In short, Cuenca is one of the most beautiful and unique cities in Spain. History, art, culture, urban and natural landscapes meet, in one single place, making Cuenca one of the most marvellous and captivating cities across the world.

As for university education, Cuenca hosts another UCLM Campus, which is located on the outskirts of the city and has approximately 3,900 students in accordance with 2015 statistics. On this campus, the student will have the chance to study several fields of expertise such as Education, Engineering or Social Sciences. However, the Campus of Cuenca's stronghold is the Faculty of Fine Arts.

As with Toledo, Cuenca joins the finest of two worlds. On the one hand, the traditional and historical sphere, with wonderful its heritage and architecture and on the other hand, the modern sphere with wonderful. With no hesitation, students will be delighted and astonished for all the beauty that Cuenca offers and represents.

CAMPUS OF
TOLEDO

Located in Central Spain, Toledo is the Capital City of the Autonomous Region of Castilla-La Mancha. Nevertheless, this is not the most relevant fact on this magnificent city. Toledo is also known as the “City of the Three Cultures” because Muslims, Jews and Christians lived together peacefully in this city for so many centuries, leaving their indelible trace on Toledo's streets, landmarks and monuments. Back in 1986, UNESCO categorized the old town of the city as World Heritage City. In brief, Toledo is a city that assembles together equally modernity and tradition.

The UCLM has consolidated its position in Toledo with two campuses that represents at their best the soul and spirit of the city. On the one hand, the “Old Town” campus, which is composed of the Faculty of Jurisprudence and Social Sciences and the Faculty of Humanities, perfectly represent the historical and cultural heritage of Toledo. On the other hand, the “Fábricade Armas Campus” (Campus of Weapons Factory in English) symbolizes in an excellent manner the fusion of traditional heritage with a Science-Technology Campus. With around 5,300 students in accordance with 2015 statistics, the facilities of the Campus of Toledo are equipped with non-polluting alternative energies and with cutting edge, technology that let the UCLM proffers the best educational and training opportunities to our students.

On the UCLM Campus of Toledo, students can study not just a Bachelor's Degree in numerous disciplines such as Humanities, Architecture, Engineering or Jurisprudence, but also complete and enlarge their education and employability by means of the post-graduate courses and Master's Degrees and internships at public and private companies. This is all possible thanks to the UCLM's strategy to connect the theoretical knowledge acquired at the faculty with the experience background that can only be learnt in the workplace.
